In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

With regard to independent claim 19:

a **process manager** operable to launch the plurality of collaborative servers;

the **meeting manager is operable to detect failures of the collaborative servers** and upon detecting failure of one of the collaborative servers, to **send a request to the process manager to launch a new collaborative server.**

In addition, Examiner points to the arguments of Applicant's representative (arguments on 10/28/05 with respect to claims 19 – 25 and 31 – 33).

3. These limitations, in conjunction with the other limitations in the independent claim, are not specifically disclosed or remotely suggested in the prior art of record.

4. A review of claims 19 – 25 and 31 – 33, in view of the Examiner's arguments above, indicates that claims 19 – 25 and 31 – 33 are allowable over the prior art of record.
